Note: "EXP" models do not include side panels.

Required Tools:

- 5/32" (4 mm) Allen Wrench (Supplied)
- #1 Phillips Screwdriver (User-Supplied)
- #2 Phillips Screwdriver (User-Supplied)

WARNING: The rack enclosure is extremely heavy. Do not attempt to unpack, move, assemble or install the enclosure without assistance. Until it has been properly assembled and stabilized, the enclosure is prone to tipping and could cause property damage and/or personal injury. Use extreme caution when assembling the enclosure and be sure to follow all handling and installation instructions. Do not attempt to install equipment without first stabilizing the enclosure. Refer to Owner's Manual.

The rail attachment points are numbered to help you align each pair of rails at the same depth. Before attaching the rails using the screws (shown in Step 5-3), make sure the same number appears in all three windows. **Note: Number shown in Step 5-2 is for illustration purposes only; attach rails at desired depth.**
