Tower Base Stand for UPS System

MODEL NUMBER: 3-9USTAND

Description

Tripp Lite's 3-9USTAND tower-kit accessory offers a convenient method of installing Tripp Lite rackmount equipment in a small-footprint upright tower configuration. Pair of tower stands adjusts to support 3U to 9U worth of Tripp Lite rackmount UPS gear. Ideal for locations where allotted space is limited or would be most efficiently utilized with an upright tower form factor. Compatible with Tripp Lite SMARTPRO RACKMOUNT series and other Tripp Lite systems specifying compatibility with this stand.

Features

- Tower-kit accessory converts rackmount UPS and battery packs into a small-footprint, free-standing tower system
- Adjustable to support 3U to 9U worth of Tripp Lite rackmount UPS gear
- Enables purchasing convenience by allowing the same piece of UPS hardware to be sourced for both rackmount and tower applications
- Securely holds Tripp Lite rackmount UPS systems and battery packs in upright tower configuration
- Provides space savings in locations where allotted space is limited

Highlights

- Converts compatible rackmount UPS systems and battery packs into tower format
- Saves valuable server room space
- Adjustable from 3U to 9U

Package Includes

- 1 Pair of Adjustable Stands
