Description

The PS120420 provides a 20-amp, 120v power strip with 2 standard NEMA 5-15 outlets and 2 NEMA 5-20R outlets in a rugged, all-metal, mountable housing. It allows for both vertical and horizontal mounting, making it ideal for a variety of uses including office, rackmount, workbench, industrial and telecom applications. With a NEMA 5-20P, 15-ft. (4.57 m) power cord, you don't have to install the PS120420 next to outlets you already have; it can be mounted across the room and deliver reliable service where you need it most. A lighted and covered On/Off switch helps prevent accidental shut-offs, while a 20-amp circuit breaker guards against dangerous circuit overloads. Its sturdy all-metal extruded aluminum housing stands up to demanding network, laboratory or factory environments.
