AirPort Express Remote Control

Highlights

- Infrared remote control for your PC or Mac
- Connect to an Airport Express for iTunes control

Description

This versatile infrared remote can be used in two ways...

Connect to USB Port on AirPort Express

- When used with AirPort Express the Express Remote provides a powerful way to locally control music being streamed from iTunes on a remote Mac or PC.

Connect to USB Port on a Mac or PC

- When connected directly to a Mac or PC, the Express Remote allows you to control audio and video media players on your computer in the same convenient way that you now control a TV or VCR. Use the Express Remote with MP3 players, DVD players, audio CD players, TV tuners, presentation software and more.

System Requirements

Airport Express:

- iTunes version 4.7 or later (for Mac or PC); AirPort Express firmware 6.1.1; Windows 2000, Windows XP, or Mac OS X 10.3 required for AirPort Express control

Mac:

- An available USB port, Mac OS 8.6-9.2.2, Mac OS X 10.2.8, Mac OS X 10.3.9 & Mac OS X 10.4.x

Windows:

- An available USB port, Windows 98 / 98 SE / Me / 2000 / XP / Vista (32-bit)

Battery:

- Remote Control uses two CR2025 (Lithium 3V) batteries (included)

Package Includes

- USB Receiver (UIA-11F Airport Express Compatible version)

- Remote Control (REM-17B)
- remote's Batteries (two CR2025 [Lithium 3V])
- CD with driver software and user guide
- Printed Quick Start Guide

Features

- Sleek 17 button infrared remote transmits signals up to 40 feet
- Includes key maps for iTunes, MusicMatch, Windows Media Player, WinAMP, QuickTime, PowerPoint and other popular multi-media applications
- Simple control panel allows you to program the remote for use with additional applications
