- Up to 2 (U359-002) or 4 (U359-004) computers can share a USB 3.0 printer, flash drive or other device
- Backward compatible with USB 2.0 and 1.1
- Features instant switching, delivering one-touch port control via manual push button
- Supports SuperSpeed data transfer speeds up to 5 Gbps
- Supports all major operating systems that have a USB port
- Hot-pluggable
- Bus-powered; no power supply required

Package Includes:

- 2- or 4-Port USB 3.0 Peripheral Sharing Switch
- Owner's Manual

System Requirements:

- Computers with available USB ports
- USB Device

Quick Installation:

Notes:

- *When using the USB Peripheral Sharing Switch to share a USB storage device, you must eject the device before switching ports in order to avoid any data loss.*
- *Although these switches do not require any software or drivers, the peripheral device that you are sharing between may. Please be sure that you have installed the latest drivers for your peripheral onto both systems before connecting to avoid detection or functionality issues.*
- *Be sure your computer is powered on prior to installation.*
- *Maximum distance from host device to peripheral is 5 m (16 ft.).*
- *A USB hub can connect to a USB port on the switch, allowing you to add multiple USB peripherals to the installation. To ensure proper function, it is recommended to use a hub with an external power supply.*

- 1.** Connect your USB peripheral device to the USB-A port on the switch.
- 2.** Connect the first PC to the switch using a user-supplied USB 3.0 cable. The computer will detect the switch, and it will be recognized in the Device Manager or System Preferences section.
- 3.** Repeat Step 2 for the remaining ports that need to be connected with user-supplied USB 3.0 cables.
- 4.** Once all ports needed are connected, the LEDs on top of the switch will indicate which computer is selected. To switch from one port to another, use the push buttons.

Warranty and Product Registration

3-Year Limited Warranty

Tripp Lite warrants its products to be free from defects in materials and workmanship for a period of three (3) years from the date of initial purchase. Tripp Lite's obligation under this warranty is limited to repairing or replacing (at its sole option) any such defective products. To obtain service under this warranty, you must obtain a Returned Material Authorization (RMA) number from Tripp Lite or an authorized Tripp Lite service center. Products must be returned to Tripp Lite or an authorized Tripp Lite service center with transportation charges prepaid and must be accompanied by a brief description of the problem encountered and proof of date and place of purchase. This warranty does not apply to equipment, which has been damaged by accident, negligence or misapplication or has been altered or modified in any way.

Warranty and Product Registration

EXCEPT AS PROVIDED HEREIN, Tripp Lite MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Some states do not permit limitation or exclusion of implied warranties; therefore, the aforesaid limitation(s) or exclusion(s) may not apply to the purchaser.

EXCEPT AS PROVIDED ABOVE, IN NO EVENT WILL Tripp Lite BE LIABLE FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OF THIS PRODUCT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. Specifically, Tripp Lite is not liable for any costs, such as lost profits or revenue, loss of equipment, loss of use of equipment, loss of software, loss of data, costs of substitutes, claims by third parties, or otherwise.

* No purchase necessary. Void where prohibited. Some restrictions apply. See website for details.

FCC Notice, Class B

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications to this equipment not expressly approved by Tripp Lite could void the user's authority to operate this equipment.

Tripp Lite has a policy of continuous improvement. Specifications are subject to change without notice.
